About the Singapore FM Awards 2019

Singapore FM Awards 2019 recognizes those at the forefront and have made significant contribution to the knowledge, practical application and sustainable performance of the Facilities Management industry in Singapore.

Benchmarked as the industry leading awards for Singapore, the awards seek to identify the industry leaders, promote excellence, and encourage innovations to raise professional recognition for the FM industry as well as the building and real estate sectors.

About the Singapore Best FM Environment, Health & Safety Awards

Singapore Best FM Environment, Health & Safety Awards recognizes the FM companies that have performed exceptionally well in environmental, safety and health aspects. We are looking for a FM team that implements superior FM strategies and ensures the smooth execution of reliable environmental, safety and health management systems.

Judging Criteria

The judges will consider the following criteria for excellence in the category:-

1. Describe the overarching strategy designed to achieve optimal well-being of an organization (e.g. Safety – minimum injury rates, Health – maximize welfare of employees, Environment – sustainable environmental goals).
2. Describe in details the specific FM programmes for the organization with regards to the aforementioned strategy (e.g. building designs, action plans to facilitate the strategy).
3. Describe in details the implementation of the strategies and programme: list the challenges faced and how they were overcome, actual amount of time and resources utilized etc. Explain also how the performance indicators were measured.
4. Explain if all desired outcomes or planned objectives were achieved. Quantify the benefits enjoyed by the tenants/users. Provide evidence of tenants' or users' acknowledgement and appreciation.

5. Review on hindsight if the FM programme can be further refined or improved based on the experience learned.

The judging criteria will be based on 2 main categories; **written submission and on-site inspection**. The written submission will be assessed on its clarity and quality of the information supported by documental evidence (if applicable) whilst the presentation will be assessed on quality of presentation and replies to the questions and answers session.

Judging Process

An independent panel of judges who are prominent industry experts, representing the facilities management industry, will determine the winners through a balanced judging assessment. The judges will bring their extensive knowledge and expertise to the judging process to ensure that the winning entries are truly outstanding and worthy of receiving a Facilities Management Award.

Entry Criteria

All FM technology providers in Singapore are eligible to submit their entries for the Awards.

All entries must be made on the Official Entry Form. An administrative fee is payable for **each** entry submitted.
